

Name

Claire Humphreys

Became a governor

September 2016

Type of governor

Parent Governor

Link role

Reading

Sub Committee role

Member of Progress & Performance

A little bit about me

I have spent most of my life living in the Watford area and I attended Leavesden Green JMI school myself as a child, along with my Brother and Sister. It is for this reason that I was very keen to become a School Governor here when the opportunity arose.

I am married with a daughter who has been fortunate enough to join the school in Reception this year. My Husband and I are really pleased with how welcoming the school is and how well she has progressed in such a short time.

I have worked for John Lewis for 20 years in various roles and I am currently a Regional Learning Manager responsible for a team that delivers learning to our Partners in both Retail and Distribution areas. I am sure the skills, knowledge and experience I have will add value to this role.

I am also the Link Governor for Reading which is an area I am passionate about and I am looking forward to supporting the school in this area to promote the love of reading to all.
