<b>A little bit about me</b>	
------------------------------	--

I am currently working as a Senior Manager in a London College, with overall leadership responsibility for a variety of Curriculum Areas, Quality Management, Teaching & Learning and Innovation. Having now worked in Further Education for nearly 15 years, and starting as a Sports Teacher, I am keen to use my skills, knowledge and experiences to support the school on its journey of improvement and to ensure that children are prepared for the changing world.

Having lived locally for most of my life, I have experience of undertaking several community volunteering roles.
